My dear friend

Your letter dated October 23
came to me yesterday nearly three weeks after it
was written – hereafter send letters for me
to No 1. Montgomery Place to the care of Theodore
Cabot & I shall get them safely soon; he comes
into town every Saturday – if of particular importance please use
the post office which costs only fourpence & is sure
I shall make the enquiries about milk cream
& let you know what I can obtain – I many
expect nothing they are very close fisted most of them
& not very rich – This does not apply to the Thomas
Russells – Sarah Shaw told that She & two Russell Thomas
send five dollars for Dr Channing's address – I may pick
up a little more & I may not – I shall do the best I can
I am just moving in to my new house I have with much
misery to do a great deal – This is hard for me for I have
more heart for your fair than for any house made
with hands – I shall try to sell some tickets for
the Vandyke. I like your plan – The tickets may be
opened at the fair – The evenings shall be attended
to – I have a plan about liberating Latimer
I want all the colored men women & children & all
the abolitionists from Boston & the vicinity with their women & children to fill the
streets that day – all without arms & to take him – off.
within he is to be tried
No one will fire upon them – no one will hurt them – They
could do it & I believe hundreds – nay thousands would

join them, & they could not carry the poor creature
away without running over his friends — If women
are in the crowd there will be no violence —
Am I crazy? I think not —

I send you the Paradise of Eternity — if you can
read it send it to Wm Henry Channing — At any
rate after you have done with it — The owner of it
is a bit of an old bachelor & would fidget if it were

mislaid or lost. I know not how you keep your head
steady with so much to look after & to do — as soon as the
making is over I shall be free to help all I can — I shall
want to know whether you think the translation
worth putting in to the Liberty Bell — If you could
ask Sarah Shaw for aid from her friend Russell it perhaps
would be the best way — They may be tired of hearing of
Why would it not be best to sell all our Goya pictures
in the way you propose for the Vandyke? I think you might
If you wish me to get tickets for the Vandyke let me know
